BCA graduate from Calicut University with hands-on experience building full-stack web apps using the MERN stack, React.js, and Next.js. Completed multiple internships across web development and cyber security, including a MERN + Next.js internship at Limenzy Technology. Passionate about clean code, REST API design, and delivering high-performance, user-friendly digital products.

TECHNICAL SKILLS

| | |
|-----------------|--|
| Frontend | React.js · Next.js · HTML5 · CSS3 · JavaScript (ES6+) · Tailwind CSS · Bootstrap |
| Backend | Node.js · Express.js · REST APIs · JWT Authentication · Stripe Integration |
| Database | MongoDB · MySQL |
| Tools | Git · GitHub · Postman · VS Code · MongoDB Compass · SQLyog |

EXPERIENCE

Limenzy Technology — MERN + Next.js Intern (Completed)

2025

Building React/Next.js components & integrating REST APIs

- Improved application performance by 30% through optimized rendering and clean state management.
- Delivered responsive web solutions collaborating with cross-functional teams ahead of deadlines.

ICT Technology, Cyber Park — MERN Stack Intern

6 Months

6-month full-stack internship; built 2 mini-projects + Blood Donor web application

- Gained deep hands-on experience across MongoDB, Express.js, React.js, and Node.js.

Regional Center — Django Intern

Short-term

Backend development using Django & Python for data-driven web applications

Red Team Hacker Academy — Cyber Security Intern

Short-term

PROJECTS

▶ **eduClass — Online Learning Platform**

Full-stack e-learning platform built with the MERN stack featuring free & paid courses, JWT-secured student and instructor dashboards, Stripe payment integration, lecture video management, progress tracking, OTP-based password reset, and an admin panel for course approvals. Supports role-based access for students, instructors, and admins.
